INTERNSHIPS

SUMMER INTERN
APDCL , Guwahati
Jul 2023 - Aug 2023

Designed and developed a user-centric website that simplifies the process of applying for residential electrical connections eliminating the need for cumbersome paperwork. Users can also register complaints and can create accounts and logged in.

SUMMER INTERN
NFR, Guwahati
Jun 2023 - Jul 2023

Embraced the invaluable opportunity to dive deep into realms of the railway domain, comprising of MTRC, RAILNET, and AUTO, gaining comprehensive insights of this vital industry.

In-house Intern
Gauhati University Institute Of Science And Technology, Guwahati
Jul 2022 - Jul 2023

- **Python Programming** –
Learned the basics of Python Programming.
- **Robotics and IOT Training** -
Made a water level indicator and Traffic Management System using Arduino.

Got selected as the **GDSC Web Dev Lead- Gauhati University** for the session 23-24.
Conducted an info session on GDSC and looking forward to conduct offline sessions.

I along with my team organize and coordinated the first ever coding competition in our college name "**CODEGEM**" on March 25,2023.This competition provided an exceptional platform for students to showcase their coding and problem-solving skills.

Internship & Job Preparation

Internshala Trainings, Online

Feb 2023 - Mar 2023

Successfully completed a 4 weeks online certified training on Internship & Job Preparation. The training consisted of Getting Started with the Job Hunt, Building up your Gears, Going at the Front, and The Final Project modules. In the final assessment, I scored 88% marks.

Foundations Of User Experience (UX) Design

Coursera, Online

Jan 2023 - Feb 2023

This course has provided me with an excellent foundation in UX design, covering topics such as user research, wireframing, prototyping, and user testing. Through this course, I gained knowledge about the different stages of the UX design process and the best practices to design products that meet users' needs.

Web Development

Internshala Trainings, Online

Dec 2022 - Feb 2023

Successfully completed a 8 weeks online certified training on Web Development. The training consisted of HTML, CSS, Bootstrap, DBMS, PHP, JS, React, and Final Project modules. In the final assessment, I scored 72% marks.

e-Application Form for Residential Connections

Jul 2023 - Aug 2023

https://github.com/Saumyen10/apdcl

Designed and developed a user-centric website that simplifies the process of applying for residential electrical connections eliminating the need for cumbersome paperwork. Users can also register complaints and can create accounts and logged in.

Random Joke Generator

Jun 2023 - Jun 2023

https://randomjokesgenerate.netlify.app/

Created a website using HTML, CSS, and JavaScript, offering users a delightful experience with its dynamic feature of

generating random jokes.
